

**Contemporary Cape style home in the Center Village District is sited on a well-appointed 1.5 acre lot located amongst homes and buildings that are listed in the National Historic Register. The original hardscape and a portion of the foundation that now offers a 3-car Garage are believed to be the remains of the William Conant home Circa 1895. This home offers a floor plan large enough to comfortably accommodate a Multi-Generational household offering a place of refuge and privacy for all. If you are looking for a home that is large enough to have a professional 'in home' office, the daylight basement with its own entrance is ready to be transformed to suit your needs. The Alfred library, post office, park, tennis courts and game field, or the village green with convenience store, antique shop, restaurant, and a seasonal vegetable stand offering flowering plants and vegetables, are all within walking distance.**
